*** Warranty:** CAIG will warranty its products for a period of 1 year from invoice date.
(Unfortunately, CAIG Laboratories cannot warrant the quality of products handled by distributors outside of our carefully selected network of partners, so our warranty only applies to purchases made directly through CAIG or an authorized reseller.)

**** Storage Life/Shelf Life:** If storage directions are adhered to, products will last considerably longer. Values are conservative. If coloration or separation of products occur, we recommend discarding and purchasing new product.

Storage Instructions: Store in a cool, dry place. Keep container tightly closed. Do not subject to excessive heat or cold.

Avoid Contaminating Solutions: When using bulk liquids we recommend transferring small amounts into a smaller container for use. This will avoid contamination of the larger container from dirty cleaning swabs, cloths, brushes, etc.

WARNING: NOT to be repackaged or diluted for resale or distribution. If product is transferred to another container, warranty and liability is void due to contamination potential.

MANUFACTURER DISCLAIMER:

To the best of our knowledge, the information contained herein is accurate. However, neither CAIG Laboratories, Inc., or any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. All materials may present unknown hazards and should be used with caution. In particular, improper use of our products and their inappropriate combination with other products and substances may produce harmful results which cannot be anticipated. Final determination of the suitability of any material is the sole responsibility of the user. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that may exist. All service performed on internal parts and equipment should be provided by qualified technicians.
